## WARRANTY Silage Bag Two Year Warranty

**VALIDATION of THIS WARRANTY: THE BAG MUST BE SOLD INTO THE MARKET IT WAS DESIGNED/PRODUCED FOR & THAT RE-SELLING THE BAG INTO A REGION RECEIVING HIGHER SOLAR RADIATION THAN IT WAS INTENDED WILL VOID THE WARRANTY.**

**Warranty:** Subject to the terms and conditions of this Warranty, this pre-folded plastic bag (herein referred to as the “Bag”) is warranted by AT Films Inc. trading as RPC BPI Agriculture (“RPC BPI”) for a period of two (2) years from the date of purchase against failure due to defective materials or workmanship by RPC BPI. In the event the Bag develops such defects within this period, RPC BPI SHALL REPAIR OR REPLACE THE BAG AT RPC BPI’S OPTION AND AT RPC BPI’S EXPENSE.

**UV Stability:** Many synthetic polymers including polyethylene are attacked by ultraviolet (UV) radiation. The UV attack of polymers by sunlight is dependent on the degree of exposure and can be neutralized by adding anti-UV chemicals called UV stabilizers to the film structure. Adding UV stabilizers to a polymer will extend its life time under UV exposure. However, the level of total UV exposure or solar radiation, which is measured in kilo-Langley per year or kLy/yr, is different from place to place. More UV protection for a polymer is needed in high solar radiation areas (see attached chart of annual solar energy per country). RPC BPI standard SILAGE BAG products are designed to maintain its properties under solar radiation (North America) for two years. There are many places in the world have higher total annual solar radiation than North America. Extra UV protection is recommended for these places. Please contact RPC BPI for information about warranties for high solar radiation areas.

### **Warranty Procedure:**

The procedure for making a claim under this Warranty is as follows:

(a) Customer shall mail or deliver to RPC BPI at Edmonton, Alberta, Canada, or to any authorized RPC BPI Dealer or Distributor each of the following:

- Fully completed Warranty Claim Form
- Photographs of the failure point clearly identifying the problem area, and a photograph of the entire bag and the RPC BPI logo with a tape measure identifying the stretch
- A cut out sample of the Bag [approximately two (2) square feet or larger depending on the size of the failure point] with the failure point approximately centered

This warranty is expressly in lieu of any and all other warranties. And in particular, there are no warranties for merchantability or fitness for a particular purpose or any other representations, warranties or conditions express or implied, statutory or otherwise, other than those herein contained. RPC BPI’s only obligation to the customer shall be to repair or replace the bag found to be defective pursuant to the terms of this warranty. The customer shall determine the suitability of the bag for its intended use and shall assume all other risk and liability in connection therein. RPC BPI shall not be liable under any circumstance for other direct or consequential damages or economic loss.

Website: [www.rpc-bpi.com](http://www.rpc-bpi.com)

- The purchase invoice for the Bag indicating the date the Bag was purchased by the Customer.

**Limitations on Warranty:**

This Warranty only applies to:

- (a) New Bags used to provide a sealed storage system for silage (specifically excluding refilled Bags).
- (b) Bags that have not exceeded maximum allowable stretch (as indicated on the bag print).
- (c) Purchaser who purchases Bags directly from RPC BPI or an RPC BPI authorized Dealer or Distributor.
- (d) Claims made within two (2) years from the date of purchase shown on the original dealer/distributor purchase invoice.
- (e) Defects in RPC BPI materials in workmanship. RPC BPI shall not be responsible for any errors or omissions of any other party, including its Dealers and/or Distributors, Carriers or the Purchaser.

This warranty only applies if the Warranty Procedure set forth above is followed.

The following list sets forth examples of warranty exclusions only and shall not be deemed to be a comprehensive list of all potential warranty exclusions.

- (a) Degradation or failure caused by chemical degradation (for example, in the event of failure, evidence of high levels of Sulphur, Chlorine or Iron will invalidate the warranty.)
- (b) Physical damage or failure caused by unusual meteorological conditions.
- (c) Damage or failure caused by any alterations and/or modifications made by Customer to the Bag.
- (d) Any damage or failure caused by vandalism, animals, rodents, pests, birds, etc.
- (e) Filling the bag with a non-approved material (i.e. other than silage/haylage/earlage feed products).

This Warranty is to be constructed and applied in accordance with the laws of the Province of Alberta, Canada.

This warranty is expressly in lieu of any and all other warranties. And in particular, there are no warranties for merchantability or fitness for a particular purpose or any other representations, warranties or conditions express or implied, statutory or otherwise, other than those herein contained. RPC BPI's only obligation to the customer shall be to repair or replace the bag found to be defective pursuant to the terms of this warranty. The customer shall determine the suitability of the bag for its intended use and shall assume all other risk and liability in connection therein. RPC BPI shall not be liable under any circumstance for other direct or consequential damages or economic loss.
